Inconsistencies of Our National Life.

Our Country for April.
The American believes that all men are created free and equal except himself, who was born when the earth was in perihelion.

He is an enterprising reformer who pleads for the simple life and pays ten dollars a plate for a banquet that would tax the digestive forces of an ostrich.

He proclaims himself boss of the world and keeps awake at night trying to devise means to escape the bossism of little politicians.

He attends mass meetings to promote the ends of justice and stops on his way home to swear off his taxes.

He remains, after all, about the best of the lot at present claiming the globe. The Millennium may catch him before he is prepared, but it will find him pushing along in the general direction of better things.

Notice.

The regular quarterly conference of Cache Stake will be held in Logan, Saturday and Sunday April 28 and 29, 1907.

General meetings will be held at 10 a. m. and 2 p. m. on each of the above dates.

A general Priesthood meeting at 7:30 p. m. on Saturday and Conjoint Mutual Improvement meeting Sunday at 7:30 p. m.

ISAAC SMITH,
NEWELL W. KIMBALL,
JOS. E. CARDON,
Stake Presidency.

Good Judgment

Is the essential characteristic of men and women. Invaluable to good business men and necessary to housewives. A woman shows good judgement when she buys White's Cream Vermifuge for her baby. The best worm medicine ever offered to mothers. Many indeed are the sensible mothers who wrote expressing their gratitude for the good health of their children, which they owe to the use of White's Cream Vermifuge. Sold by Ritter Bros. Drug Co.

BENSON, April 22.—Arbor day was observed in Benson, all the pupils of both schools, Benson and Riverside, turning out in full force. The grounds of the Riverside school had a general cleaning up by the boys and trustees, while in the schoolroom Miss Bird and the girls polished things up to perfection. Only two spruce trees were planted, the gift of John Carlisle. At the Benson schools the trustees had a big job of leveling the grounds, making ditches and planting trees. The children took a hand in cleaning, making flower beds, etc. This is a great improvement at the Benson school. Water is plentiful from an artesian well on the school grounds.

Jacob Jorgensen's baby boy, aged about two and half years, had a close call from drowning on Saturday. The mother happened to find him struggling in a vat of cold water in the milk house just in the nick of time to save him.

Mrs. Margaret Ricks leaves here today on a trip to Scotland. Her son, Thomas Edward, who is on a mission in England, will meet his mother at Liverpool.

J. Jorgensen and Robert Thornley, road supervisors of Riverside and Smithfield, have been busy for days with men, teams and scrapers, filling up the road from Bear river bridge to the west side, to prevent the high water running over.

Our country roads are getting dry, but where there is mud look out for doubletrees.

The New Pure Food and Drug Law.

We are pleased to announce that Foley's Honey and Tar for coughs, colds and lung troubles is not affected by the National Pure Food and Drug law as it contains no opiates or other harmful drugs, and we recommend it as a safe remedy for children and adults. For sale by all druggists. **
